Financial Aid Answers to MPC Available Critics

Applications for financial assistance to attend Monterey Peninsula College are now available in the college's Financial Aid Office. All applications for this fall should be made by May 30.

Last year, \$300,000 in financial assistance was received by about 1200 MPC students. Types of assistance included federal and state grants, loans, scholarships and federally funded student part-time employment on campus. Community and institutional assistance also contributed to the total amount of aid received by qualified college students.

The program of assistance at MPC is administered in accordance with a nation-wide policy and philosophy of financial aid for education. The basic premise is that the student and his parents have the primary responsibility for the education of the student. The financial aid program is available only to fill the gap between the family's contribution plus the student's assets and the cost of attending the institution.

The primary purpose of the program at MPC is to help those students who otherwise would not be able to attend college.

After May 30, applications for aid will be accepted on a fund-available basis only. Students seeking aid must be accepted by the college before any allocation is made.

Five types of federally financed aid are available at MPC.

Educational Opportunity Grants ranging from \$200 to \$1000 per academic year are provided for students with exceptional financial need. The grants are awarded on a matching basis with scholarships, loans and federal employment.

A college Work-Study Program is designed to stimulate part-time student employment. Under that program, students attend school full-time and work up to 15 hours per week during the semester. National Defense Student Loans of up to \$300 per academic year. Law Enforcement Education Program aid of up to \$1800 per academic year, and Federally Insured Student Loans are also available to qualified students.

California State SB-164 grants are awarded to students handicapped by language, social and economic disadvantages to encourage them to pursuing a college education.

Answers to MPC Available Critics

Addressing a group in Monterey on May 20, Mel Vercoe, candidate for the Democratic nomination for Congress in the 12th Congressional District, made the following statement:

"As a Congressional candidate recently named by the organization Common Cause in a news release, I thoroughly resent their underhanded implication that I have something to hide simply because I declined to disclose to them my pre-April 7 campaign contributions and expenditures. I recognize the need for and have fully complied with Public Law 92-225 by informing the House of Representatives that my expenditures since April 7 totalled \$36,10 and my contributions during that period totalled exactly fifty dollars."

"For two reasons I declined to disclose to Common Cause that my pre-April 7 contributions came to the grand total of sixty dollars. First, I consider it a tragedy that such a presumably dedicated organization can't find a more constructive way to help our nation in this hour of need than to try to get some publicity by going into the law enforcement business in competition with the U.S. government."

"Second, over fifty thousand young American died for nothing in Asia because our Administration, including the Pentagon, was able to intimidate our people with the implication that failure to meet public forums so voters could see and hear candidates and discuss vital issues."

"May I suggest a more worthwhile project for Common Cause would be to conduct public forums so voters could see and hear candidates and discuss vital issues."

education. On a non-repayable basis, the grants range from \$100 to \$600 for each academic year. To qualify, a student must come from a low-income family or demonstrate a gross lack of financial resources.

Short-term loans to cover unexpected emergencies, books and other needs are available from private donors and the college. The short-term loans are available from the Associated Students of Monterey Peninsula College, the Bing Crosby Fund, the Health Professions Loan Fund, the John J. Griffin Memorial Fund, the Jo-Jo-Ling-Tai Mu Memorial Student Loan Fund and the Kiwanis Club of Monterey Loan Fund.

STAND IN - Doug Humphrey (right), son of Presidential hopeful Hubert H. Humphrey talks with Mrs. Lucille M. Gaines, one of coordinators of Elect Humphrey Campaign on Peninsula, while unidentified man looks on. Mr. Humphrey was on hand last Saturday for opening of Humphrey Headquarters at 1188 Broadway in Seaside.

Candidates International Night is Tonight Day at Patton School

The League of Women Voters will hold an Airport Board Candidates Night at 8 p.m. tonight (Thursday) at the USO, Webster and El Estero, in Monterey. Miss Alice Glenn will be the moderator.

Eight candidates are seeking the three vacant seats. Incumbents Ted Durkin, William H. Forestelle and John S. Nelson will be challenged by Candidates Louis V. Schmidt, George A. Leslie, Mark Twain Whittier, Ralph Arndt and Richard Tourangeau.

This is an important election due to the Cessna issue recently brought to public attention. All voters are urged to attend and hear the candidates.

Folk Festival For Ecology

A folk festival featuring artists from throughout the Peninsula will be held May 24 at Monterey High School to benefit the Monterey Ecology Center.

A festival spokesman promised a "mellow, countercultural sort of evening, with singing, hand-clapping and plenty of good vibes."

Admission to the festival, which will be held at 7 p.m. in the girls' gymnasium is 75 cents.

David Mann, representing the ecology center, will be master of ceremonies. He said folk festival proceeds will be used to expand recycling, information and educational efforts. The center will be working to get legislation that would ban the sale of no-deposit bottles in this area.

Named to New Position

Patrick W. Malone, 31, of Pacific Grove, has been named assistant business manager for the Monterey Peninsula Unified School District.

Malone, who has been business manager for the Monterey County Office of Education since 1969, will assume his new position on July 1. District trustees approved the appointment at their recent meeting.

The new assistant business manager will be responsible for the school district's internal business functions, such as accounting, payroll and other business operations, according to Superintendent, Allan J. Petersdorf. Malone will also assist the district in its move toward implementing a Planning, Programming Budgeting System (PPBS) as required by the state, Petersdorf said.

Malone is a 1962 graduate of Bucknell University. He served as an Army captain and as an accountant with a Salinas tire firm before joining the county's education office in February of 1969.

Malone is married. He and his wife, Janet, have two children.

Music Festival

By Clint C. Porter
WJE will present their First Annual Monterey Memorial Day Music Festival next Monday, May 29, at the Monterey Fairgrounds. There will be continuous live music from noon to 8 p.m. Gates open at 11:30 a.m. Advance tickets are \$3 with general admission \$3.50.

Scheduled for this Memorial Day Music Festival are: The Loading Zone from San Francisco; Snail from Santa Cruz; Natural Set with Hal Wagenet and Mitchell Holman (formerly with "It's a Beautiful Day") from the Bay Area; California, a local group; Fat Madeline, a local group; J.B., a local performer and Matrix, a local group.

J.B. is a solo acoustic act from Pacific Grove making his first public appearance. Matrix is a 10-piece group from Seaside that sounds like "Chicago". They are making their first public appearance also.

AER Drive Begins

The Army Emergency Relief (AER) 1972 Fund Drive began recently at Ft. Ord. This fund, which was first set up in 1942, has provided financial assistance to thousands of soldiers and their dependents since its inception.

All Army personnel, active or retired, and their dependents are encouraged to turn to AER when they suffer what appears to be a financial disaster.

Last year the Ft. Ord AER office, which services some 63,000 active and retired Army personnel and their dependents in the Monterey-Salinas area, made loans of \$113,102 and grants of \$9,771. The loans are normally repaid through allotments but the grants are given to cases where the hardship or repayment would aggravate the situation.

All Army people are urged to take part in the 1972 drive to build up the fund.

McGovern Chairmen Named

New chairmen for the Monterey office of the McGovern for President Campaign have been announced by Dan Albert, general chairman for Monterey County.

Maureen McWalters of Seaside has taken over the responsibilities of chairman of the Monterey headquarters, located at 301 Ocean Ave. The new precinct "get out the vote" chairman is Roger McWalters, also of Seaside. Joanne Albert and Peg Chandler, both of Monterey, are coordinating the walking and telephoning canvassing.

Supervising the walking canvassing which is going on nightly and every weekend prior to the June 6 primary election in California are Toby Taylor of Carmel Valley, Marilyn Schmitz of Monterey and Edward Matlin of Carmel. Lois MacIn of Monterey and Eleanor Kinion of Carmel are the supervisors for the McGovern telephone canvass.

Do Not Put Posters on Power Poles

Pacific Gas and Electric Company managers are cautioning political candidates to "Keep the posters off of power poles, please."

Linemen climbing with leg irons risk falls that could cause serious injury if the pole is studded with nails, staples, tacks and other foreign objects which cause spikes to slip, PG&E says. The practice also violates a California law prohibiting such use of utility facilities.

Dial Mexico City Direct From Seaside

Pacific Telephone has inaugurated Direct Distance Dialing (DDD) from Seaside to Mexico City.

Don Boston, PT&T local manager, said DDD calls to Mexico City will be placed in exactly the same manner as any other direct-dialed, long-distance call from Seaside. "Just use the Mexico Area Code 905, then dial the seven digit number," Boston said. Boston pointed out that

Telefonos de Mexico, S.A., which serves Mexico City, uses ringing and busy signals similar to PT&T's, "only slightly higher pitched in sound."

Area Code 905 presently serves only Mexico City. Boston said customers calling other parts of Mexico should still place calls through the operator...

Tourney Planned

The Pacific Grove Golf Club has announced that it is sponsoring the First Invitational Two-Man Best Ball team event to be held June 4 at the Pacific Grove Golf Course.

Entries will be limited to the first 60 teams to file entries. Entry blanks are available at the Pacific Grove Golf Course and other area courses.

There will be three divisions with prizes in all divisions to low net and to low gross. Entry fee is \$12.50 per man plus green fees.

For further information, contact Rich Miller or Pro "Pete" Vitarisi at Pacific Grove Golf Course. Miller is General Chairman and Al Macedo is Tournament Chairman for this event.

School Denies It Teaches "Witchcraft"

Monterey Peninsula Unified School District officials have denied that witchcraft, astrology, palmistry and fortune telling are being taught in a special three-week reading unit at King Junior High School in Seaside.

The denial came in reaction to a complaint made at the May 15 school board meeting.

The Reverend Edward Alexander, of the Church of God in Seaside, told the board he and other Seaside ministers are concerned about the reading unit, which began at King Junior High Tuesday, May 16. Teachers have better thing to do "besides teaching witchcraft in the school," Reverend Alexander said. He asked that the board not allow the course to proceed.

Turstees and administrators said at the meeting that they had no details about the course, but directed administrators to look into the situation before letting the course begin.

One trustee, the Reverend Thomas Knauf, cautioned that "We're bordering on a real problem here," noting the legal requirement that separates church and state functions. And Trustee Lonnie Ayers suggested that the class not be started "until it's investigated."

Trustee Dr. Robert Black responded that the important question was the context in which the subject matter is being taught. Unless the school is teaching religious doctrine, there is no prohibition against teaching religions, he said. After looking into the matter following the board meeting, school officials decided to allow the course to proceed.

Neil Fearn, assistant superintendent for secondary education, said the course does not involve teaching witchcraft, astrology and related topics as sciences or religions, but as beliefs or as

parts of cultures.

Principal Kenneth Dunbar explained that the course is designed to motivate students to read. All material to be used is taken from the educational publication, "Scho-lastic Voice," and will be approached from the standpoint of teaching students to discriminate between fact and opinion in literature about witchcraft, astrology, fortune telling, ESP, ghost lore and related topics. He said the reading involves comparing historical and modern writings exposing different aspects of the subjects and relating information to mythology.

Seaside High Accredited

The Western Association of Schools and Colleges has granted full accreditation to Seaside High School.

Accreditation was given for five years, the maximum allowed by the association. The school's current five-year accreditation period expires on June 30 and the new period will extend through June, 1977.

Dr. James Harrison, associate superintendent of the Monterey Peninsula Unified School District, explained that the accreditation action means that credits earned by students at the school will be accepted at all colleges and universities in the nation.

The school was visited in March by a team of educators who interviewed staff and students and examined the educational program.

In its overall report, the visiting committee recommended the school's staff "for its implementation of instructional programs to enhance basic skills development and for expansion of vocational education."

The committee also commended the community served by Seaside High for its "improved support" of the school.

Non-teaching employees were also commended, "for their dedication and willingness to complete the required work despite staff reductions."

While the committee offered several recommendations to improve various aspects of the school, it noted that, among the staff, there is a "feeling that the school has, in general terms, experienced vast improvement during the past three years."

Publisher's Report

Seaside Ripples

A. E. 'Andy' Barragan, Publisher

By Clint Porter
(In the absence of Andy Barragan)

A Mother is to her son as light is to a lamp. Will not the light be dim if the oil in the lamp is low? I live as if I were the oil supplying the light in my mother's lamp. I know that the purer the oil, the better flame in the lamp. The better the flame, the brighter the light.

My Mother is in the autumn years of her life. The oil in her lamp is low, but I feel the invisible silver cord connecting us, and through this cord I am able to feed the light of her lamp from my reservoir. Unfortunately, my reservoir is waning. Better to wane gainfully than wastefully.

"The most beautiful word on the lips of mankind is the word 'Mother,' and the most beautiful call is the call of 'My mother.' It is a word full of hope and love, a sweet and kind word coming from the depths of the heart. The mother is everything--she is our consolation in sorrow, our hope in misery, and our strength in weakness. She is the source of love, mercy, sympathy, and forgiveness. He who loses his mother loses a pure soul who blesses and guards him constantly.

"Every thing in nature bespeaks of mother. The sun is the mother of earth and gives it its nourishment of heat; it never leaves the universe at night until it has put the earth to sleep to the song of the sea and the hymn of birds and brooks. And this earth is the

Her husband was naval officer stationed at Post Graduate School before he passed in 1963. She is presently student at San Jose State College studying business education. She has five children--two married daughters and three sons. Mrs. Lashbrook who is known as Libbie, also has her 81 year old mother living with her in her Marina home.

Today's Army NEWS

By
SSG R. Cardwell
ARMY RECRUITER

Hello every one, TODAY'S ARMY NEWS is directed to you musicians. If you have been planning to enhance your musical knowledge and the ability to master your instrument. The US Army's Band can assist you in every way to accomplish your goal. The organization of the U.S. Army's Band dates back to May 10, 1775. Since then, there have been many changes in sizes, instrumentations, and missions of the Army Bands. Army Bands range in size from 28 to 183 players. Their instrumentations vary from Concert to Symphonic proportions. Band personnel are professional musicians whose principle duties are to play their respective instruments.

By enlisting, service with the Army Band offers you, the musician, the opportunity to do what you enjoy doing—playing all types of marching, symphonic, dance and stage band and chamber Music. Many Army bandsmen augment their army pay by voluntarily playing for various social events on the off Army Posts, during your off-duty hours. Also, many bands are located near leading colleges and universities where bandsmen may pursue undergraduate or graduate level studies during their off-duty time. If you are seeking the opportunity to develop your musical skills are unlimited. Career possibilities lead to Warrant Officer and Commissioned Officers grade. This option is so great that it is impossible for me to complete it this week, so it will be continued in next week's TODAY'S ARMY NEWS.

Some of the people who have enlisted in the Army since April 1 are: Randi Regules, 173 San Pablo, Marina who enlisted for the 9th Infantry Division at Ft. Lewis, Washington; William Delacruz, 1221 Elm St., Seaside who also enlisted for the 9th Infantry Division and George Jewell of Monterey who enlisted for our two-year Regular Army Program.

So long for now. I will be talking to you next week. For more information, please contact us at 431-Webster Street, Monterey or call 372-4742/372-0553.

Ord Named Home Base of 7th Infantry

Ft. Ord has been named as the permanent home base of the 7th Infantry Division; its battle standards and colors will soon be sent here by the Department of the Army. A ceremony is planned to enshrine these colors at Ft. Ord, and all former members of the Division are invited to attend the ceremonies. If you are a veteran of the 7th Infantry (Bayonet) Division, please send your name and address to the Information Office at Ft. Ord so you may be informed of the time and place for the ceremony.

NPAS Regatta This Weekend

Eight Navy sailing teams, coming from as far as Guam and Pearl Harbor, will participate in the Memorial Day Regatta on May 27-28 in Monterey Bay, is sponsored by the Naval Postgraduate School Sailing Association. It will feature 36 races in a grueling tow-boat match series similar to that of International Yacht Races for the America's Cup.

With the coveted Bismarck Trophy at stake, Treasure Island's team will be skippered by its most experienced yachtman, Rear Adm. C.J. Van Arsdall, Commandant of the Twelfth Naval District. Other teams have entered from NAS Alameda, Long Beach, San Diego and Port Hueneme.

NPS Sailing Association boats and three privately owned 30-foot Shields sloops will be used for competition. The Navy School's 123-foot oceanographic vessel Acania, formerly Constance Bennett's personal yacht, will be used as race committee boat. The course, approximately three miles long, will be clearly visible from Wharf #2, Coast Guard Pier and Cannery Row. The Monterey Peninsula Yacht Club will be the Regatta Headquarters. Mayor Al Madden of Monterey and Mayor Bernard A. Anderson of Carmel will assist in the trophy presentations to the three top teams at an awards dinner at the NPS Officers' Club May 28.

Rummage Sale Is Planned

The Monterey County Archaeological Society will hold a rummage sale this Saturday, May 27, from noon to 6 p.m. at the Monterey USO building, Webster and Camino El Estero Streets.

The sale is being conducted to raise money needed to build a shelter over a portion of the foundation of the outer defense wall of the Royal Presidio of Monterey. Founded in 1770, the Monterey Presidio was the principal presidio in Alta California and was the center of political and social life in Monterey for 70 years. New foundation remains of the eastern entrance area have been discovered by the archaeological society and with the cooperation of USO they hope to preserve

Monterey's earliest structure for posterity. Items offered for sale at the rummage will be a wide variety of appliances, clothing, and paraphernalia.

WORLD'S LARGEST

World's biggest ice cream sundae, made this July 4 in Ohio, weighed 883 pounds, and had 42 flavors. It was eaten in 45 minutes by 2,000 people.

SUCCESSFUL

"Spoon", as blues singer Jimmy Witherspoon is commonly known, has been singing since he was five years old when he began, as all Black artists, in the church. After a

stretch in the Marines he hung around Vellejo until joining Jay McShann's band. After that he was on his way, recording his first major hit, "Ain't Nobody's Business," in 1952. Since then Spoon has sung the blues consistently.

Dance Class Offered

A master class in primitive dance will be held at Monterey Peninsula College today (Thursday) from 8 to 9:30 p.m. in the college gymnasium.

All Alone Are We

by Vernon Renn

Sitting on a cliff side,
Looking down below;
Shining rocks and dashing waves
And laughing birds and crazy song;
Looking out to sea
All alone - All alone are we.

Looking at the sky,
Looking down on me;
Seeing things she'd never seen:
Haunting sighs and muffled screams.
Looking out to sea
All alone - All alone are we.

Came the silent darkness,
Holding me so close;
Come with me and you will see
The best of all in clarity.
All alone - All alone are we.

Thurs., May 25, 1972, Seaside POST News-Sentinel, Page 3

Annette McDonald from San Jose State College will instruct the class. She has done extensive research in the dances and music of primitive peoples. She has taken films and recorded tapes of actual dances, many of which will be shown during the Thursday class.

The class will be of interest to those studying primitive cultures, dance and music. A fee of \$1 will be charged for participants in the class.

continued from page 1

mother of trees and flowers. It produces them, nurses them, and weans them. The trees and flowers become kind mothers of their great fruits and seeds. And the mother, the prototype of all existence, is the eternal spirit, full of beauty and love."

Throughout life situations occur whereby mothers will have the burden, or responsibility, of caring for their offsprings without the companionship or physical assistance of their mates. The same happens (less often) with fathers who also may find themselves in similar situations.

We all know that any progress, or improvement of any situation is created by a single thought. Someone had to originate this situation by eliminating everything else from his mind and opening up to receive new ideas. Everything we see, every attraction, was, before its appearance, a thought in the mind of a man or a mere impulse in the heart of a woman.

Someone perceived the idea of forming a social club, or organization, whereby these people who are so unfortunate to be without a mate, or partner, but have young children to care for, could meet. Just that simple. Belonely together, or find happiness anew. Misery loves misery anyway. That original idea was probably the beginning of Parents Without Partners.

Parents Without Partners is an international non-profit, non-sectarian, educational organization devoted to the welfare and interest of single parents and their children. To be eligible for membership, a person must be a single parent, due to divorce, separation, death or unmarried status. Custody of your children is not a factor of eligibility. One professional reference is required.

Last Saturday night I was a guest in a home in Carmel Valley where PWP gave their Party of the Month. Since I had never been to this place before, I was unable to find it. Just as I gave up, the Monterey County Sheriff Dept. came to my rescue. Not only did they show me the exact house, they "escorted" me to the door with all their glory and dignity. (It kind of shook up a few of the members though). After the shockwave subsided, I was introduced to the bar and the swimming pool, in that order. Such a lovely home Mr. John Testa has. And I wish to thank Mrs. Judy Boultinghouse for the invitation. She and all of the members expressed their sincere desire for the many minority people who are looking for a warm and hospitable organization for them and their children to participate. There are many interesting events coming with the warmer days ahead and the out of doors activities involved.

I met the group and was very impressed with their joint concern of how best to bring up and care for your children when there is no helping partner participating actively. For more information please contact Mrs. Cecilia Wilson, president, 375-3478. You can learn not only how to help your children, but how to help yourself also. Sunday I ran by and blew hellos to my boss. I caught him in the middle of his lunch. Funny though, because I talked with him earlier and he was in the middle of his breakfast. No wonder he is gaining pounds and pounds, his wife Jean is stuffing him with all those goodies of home. But we know truthfully it is the prayers of all you wonderful people and the Miracle of God.

Tax Help Is Available

Senior Citizens Property Tax Assistance may be available to individuals who own and occupy mobile homes, according to Martin Huff, Executive Officer of the Franchise Tax Board.

Property Tax assistance is available to qualified individuals for property taxes paid on the mobile home and/or the land on which the mobile home is located. Assistance is not available for the license or in lieu fee paid to the Department of Motor Vehicles, Huff said.

If you are over 62, have income of \$10,000 or less and received a property tax bill for the 1971-1972 taxes, Huff suggested that you write Senior Citizens Property Tax Assistance, P. O. Box 1588,

Sacramento, CA 95807, for further information, or contact the nearest office of the Franchise Tax Board.

Mayor Reports

Joe Dolan

Seaside's Youth Center and our need for total Community Support are being "spotlighted" in this report. On May 25, 1972 your city Parks and Recreation Dept. will be finalizing a grant request to HUD in the amount of \$368,000 for the purpose of "remodeling and adding on" to our present Youth Center.

Seaside is responsible for 25 percent of the total grant in matching funds, which is \$92,000. The source of our matching funds is as follows: Cash Contribution: \$10,000. From Bing Crosby Fund; \$10,000. For Bing Crosby Fund; \$10,000. From Community of Seaside;

Non-Cash Contribution: \$56,000. City owned land; \$14,000. Parking lot construction; \$2,000. Demolition; This adds up to \$92,000.

This Youth Center Project provides us with an excellent opportunity to "pull together" and accomplish a sorely needed facility for our youth. We need the active and financial support of all our Civic Organizations to assist in raising the \$10,000 Cash Contribution from the Community.

Here is a challenge for our Young People! I believe that our Young People can effectively organize a campaign to raise the amount of \$10,000, or more - and then achieve this goal by any target date they establish. The City Recreation Director, Mr. Cleve Williams, has assured me that he stands ready to assist our Young People in any manner they desire in support of this campaign.

The Youth Center is a non-political issue and deserves the backing of our total community!

Young People of Seaside--you now have an opportunity to become involved in Seaside's Progress in a very and meaningful manner. I urge you to accept this "challenge"! Citizens of Seaside--we can all pull together to acquire a greatly improved and expanded Youth Center. Lend your support!

N.B. See you in church too.

Loren E. Smith

Alcoholism and Drug problems became a very important item under discussion at the Board of Supervisors meeting this week. For a long time it has been clear to me that these two related problems would begin to cost the taxpayers of Monterey County a great deal of money. The time has come when we must recognize these problems for what they are: that the unfortunate afflicted victims are ill and are not criminals.

The discussion at our meeting centered around a request that a separate County Department would be feasible to handle such matters. After reviewing the problem at great length and listening to many comments from interested citizens, it was decided that a special "division" in the Health Department might be-

ter accomplish the desired results. Dr. R. S. Frazier, Director of the County Health Department, was asked to bring his recommendations to the Board in the near future, outlining a program for effective results. We will be KEEPING PRESSURE ON THE DEVELOPMENT OF THIS PROGRAM.

Another matter in a different area of interest which is of great importance to our area was the proposal of the Salinas Rotary Club to have permission to build a picnic shelter building at Monterey County's Toro Regional Park, at their own expense. The Board did not hesitate long in accepting this generous offer. As I mentioned before more people are now enjoying this fine 3,800 acre Park and this donation of the Salinas Rotary will add still another facility to be used by all.

This week the Governor's Advisory Council on Public Personnel Management, of which I am a member, will be meeting in Sacramento. The Governor's whole program is designed to make employment opportunities in Government Agencies open to more people and improve working conditions in these jobs and also to provide opportunity for advancement and training. It is my hope that Monterey County will be able to actively participate in this program.

Letter To The Editor

Dear Sir:

Editor: Reference is made to past articles by Mayor Dolan in your paper. I agree with Mr. Dolan that Seaside residents "have been missing a good deal." What we miss, however, is not a junior ROTC course in the high school.

The presence of the military establishment on the Peninsula is already excessive. Especially for Seaside it would be beneficial if we could reduce its ubiquity. With the high school's students for a substantial part from military families, with its buildings on base territory under the jurisdiction of military police, with its windows rattled by war games, it would be absurd to expose the children to military training and indoctrination within the classrooms. The mayor perceives an aspect of the undesirability of his proposal when he states that "naturally it would be something of a waste" if the ROTC student does not follow through on his training.

Some readers regard it as inappropriate that a new mayor uses his newspaper column repeatedly to propagandize ROTC in a public high school. Undoubtedly there are issues within the mayor's jurisdiction that he can discuss with better understanding. It is laudable, however, that the mayor is concerned with curriculum reform. Our public schools are often little more than training institutions for industry and business. Drastic changes are needed, but ROTC does not fit the bill. To advocate its initiation reveals an unawareness of the problems and functions of secondary education.

Sincerely,
L.M.P.T. Wijsen
Seaside

Questions are Answered

Q -- Am I eligible for benefits under the current G.I. Bill if I served in the regular Army from 1930 to 1935?
A -- No. The current G.I. Bill provides G.I. loans, education and other benefits for eligible veterans who served after January 31, 1955.

Q -- I have been married

six years to a World War II veteran who still carries his mother as the sole beneficiary of his \$10,000 G.I. insurance policy. Can I get the Veterans Administration to change it?
A -- No. Legally, the VA G. I. insurance to the beneficiary designated by the veteran.

As I See It

By Mel Vercoe

Have you ever seen pictures of the old-time prison dungeons? The kind where the fellow inside can't look out a window?

Well, such things exist. I recently saw one. It was the county jail holding facility in Salinas, and it was interesting or depressing or shocking or all three, all at the same time.

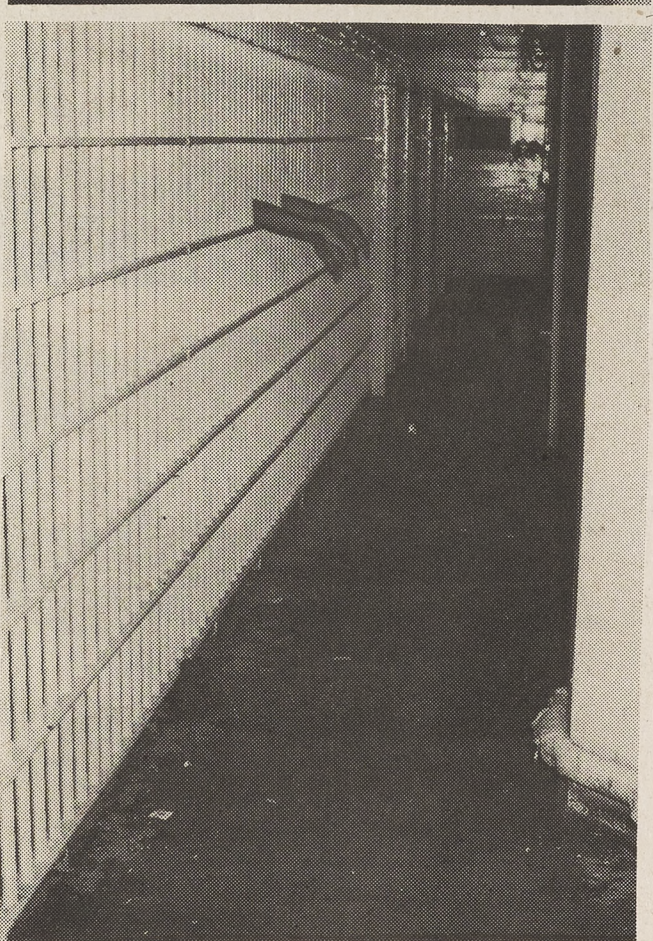

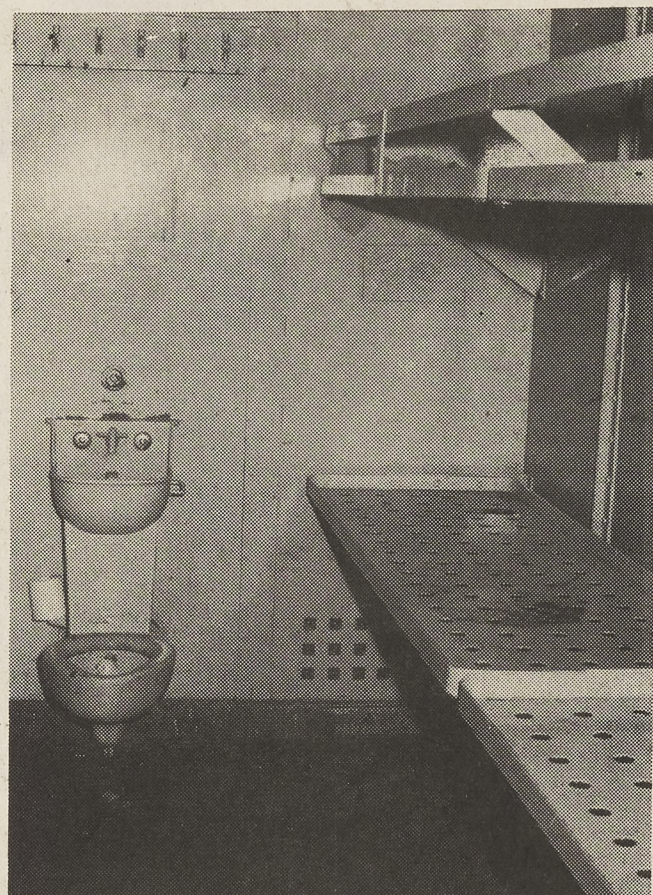

For people who have committed serious crimes against fellow human beings and who have been sentenced to spend periods of time out of circulation, whether to punish them or deter others or just to prevent them from committing additional crimes, I don't personally believe their living quarters should be like the Waldorf-Astoria bridal suite. However, the prisoners I saw behind those bars had not even been convicted, except for some who were being temporarily held for transfer to other facilities.

One prisoner, awaiting results of an appeal, had been there for five months. Most of the others had not yet been tried in a court of law, and may or may not have been guilty of some crime as charged.

There were two floors of cells above the jail office level, with no guards on those levels, and with absolutely no way to obtain help--no means of communication whatever--in the event an inmate should be attacked by other prisoners or become ill or if some other emergency occurred. And all this in our America, in 1972 A.D., while a portion of our society is using napalm and six aircraft carriers, among other things, to try to promote our form of society on some parts of the world where it isn't being welcomed with enthusiasm.

There should be a "Visit Your Local Jail Week," and I think everyone should keep in mind the following question as he looks at each cell--"What might this do to my opinion of our civilization if I should be forced to stay here under these conditions while my guilt or innocence is being investigated?"

At the same time, we should also bear in mind that these conditions are not the fault of the Sheriff or his staff. They have to do the best they can with the facilities provided, and if there is not enough money in the budget to provide necessary security for the prisoners, then it simply cannot be provided.

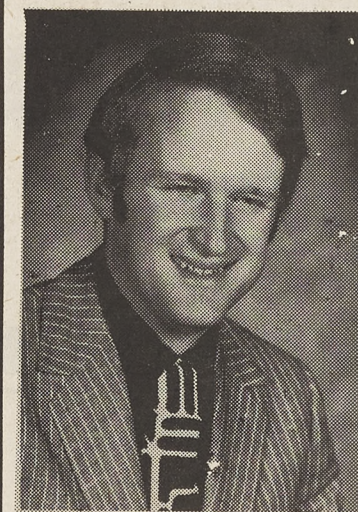

PHOTOS BY JOHN PERKINS

WHAT A PLACE! - These pictures were taken inside county jail holding facility in Salinas. For more on jail, see Mel Vercoe's "As I Saw It."

Airman Linda C. Kamp, daughter of Douglas W. Kamp of Marina, has completed her U.S. Air Force basic training at the Air Training Command's Lackland AFB, Texas. She has been assigned to Sheppard AFB, Texas, for training in accounting and finance. Airman Kamp is a 1971 graduate of Seaside High School.

Staff Sergeant Clifford E. Cabos, son of Mr. and Mrs. M.F. Cabos Jr., of Marina, is a member of the Okinawa-based 824th Supply Squadron which has earned the U.S. Air Force Outstanding Unit Award for the second consecutive year. The 824th -- located at Kadena Air Base -- was cited for outstanding materiel support that enhanced the effectiveness of tactical air operations of tenant units based at Kadena and flying in the Pacific area. Sergeant Cabos, an administrative specialist, will wear a distinctive service ribbon to mark his affiliation with the squadron. He is a 1966 graduate of Seaside High School.

Staff Sergeant Erich Bailey, son of Mr. and Mrs. Edward H. Bailey of Marina, has been named one of the top 15 percent in his Air Force specialty. He will receive a Superior Performance Pay bonus for six months as a result of his selection. Sergeant Bailey, a telephone equipment installer, was chosen for his leadership, exemplary conduct, technical skill and duty performance in competition with all other airmen in his grade and specialty.

He is presently serving at Kuma Air Station, Japan, with a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF.

The sergeant has completed a tour of duty in Vietnam. He is a 1965 graduate of Monterey High School. His wife, Sally, is the daughter of Mr. and Mrs. Tom Dimercurio of Marina.

Army Private Steven G. Hosick, son of Sergeant First Class and Mrs. G.E. Hosick of Ft. Ord, completed today a 10-week medical corpsman course at the U.S. Army Medical Training Center, Ft. Sam Houston, Texas. He learned to perform rou-

School Officers Elected

New officers for the Peninsula Parent Nursery School were recently elected by members for the coming year. Donna Lewellen was elected president and Barbara Ward was named vice president. Other new officers are Judy Bohmer, secretary and Judy Halling, treasurer. The parent cooperative nursery school operates under the auspices of the Monterey Asult School. The school meets at Del Monte School, 222 Casa Verde Way, Monterey. Both a two and three day program are offered. Parents seeking further information may contact Mrs. Lewellen at 394-0685 or Mrs. Bowen at 375-9694.

Are morals out of date?

Is happiness out of date?

Morals are not just human codes. They are powerful, spiritual laws that are the very basis of joyous and happy living. If you feel you need more satisfying reasons for being moral, you'll be interested in finding out what Christian Science has to say on this subject.

Grooving Around the Peninsula

with BETTY MANN

Hi there fellow peninsulans:

As most of you know, the Miss Black Teenage Monterey Peninsula Beauty Pageant was held recently. Twenty "Young, Gifted and Black" contestants competed against each other in a variety of competition on Friday evening, May 13, at the closed preliminary competition. Ten semi-finalists were then chosen to compete in the finals that were held on Saturday night.

An enthusiastic audience of 800 persons sat enthralled throughout the evening and enjoyed the many talents of the ten lovely young contestants who exhibited an extraordinary quantity of poise, personality and charm.

Regina Battle, the winner of the Miss Black Teenage Monterey Peninsula title, was rightfully and justly awarded. She exhibited the very image and style of a young, gifted and black teenager.

Cheryl DeBerry, 1st runnerup, presented the audience with a moving account in the dramatization of a Black Slave Mother of yesterday in the talent competition.

Kevin Parker, 2nd runnerup, charmed the audience with her Roberta Flack style. And by the way, Kevin charmed the National Director of the Miss Black Teenage California Pageant so much that she has been chosen to appear at the California finals as the teenage fashion designer of the year. She has been asked to design six outfits for herself and four other contestants.

Erika Sweet, 3rd runnerup, delighted the audience with her singing accomplishments. Erika has a beautiful and melodic-type voice that has been beautifully cultured by professional lessons.

Marshaella Devan, 5th runnerup, thrilled the audience with her "Black Pride" monologue, using a vocabulary that would send a PHD Graduate to his dictionary. Marshaella has that certain quality that makes one stop and admire.

The other young ladies who were among the finalists and who also gave excellent presentations were: (space does not permit elaboration) Doris Gooch with her humorous dancing pantomime; Debra Blackburn, who performed an African tribal dance; Denise Downer, who enacted a touching scene from life in the ghetto; Cheryl Delany lit up the stage with her relaxed version of "What The World Needs Now"; and Roberta Lindsay, who performed a Black oratorical dramatization. She was exceedingly appealing to the audience.

The Judges who were flown in from Los Angeles were: Regina Durst, a fashion model; Raygene Stanley, another fashion model; Bill Howard, director of California finals for Miss Black Teenage Pageant; Hal Kimball, principal and former judge of beauty pageants in Los Angeles; and Amos Shaw, principal and an accomplished judge of beauty pageants in Los Angeles.

Judges from the Bay Area were: Sarah Fabio, poetess and novelist; E. J. Montgomery, art consultant for Oakland and Berkeley Museums; George Perry, consultant for ESEA Title One

Program, Berkeley; and Velma Stokely, chaperone and advisor for Sabrina Carr, the 1971 Miss Black Teenage of California.

Local Judges were: Sue Dewar, Ernie Batt and Mr. Heller. The judging of the contestants was fair and precise and most efficiently performed by the qualified persons above.

The winner, Regina Battle, received a bouquet of Red Roses; a 4-foot trophy; a roundtrip to Los Angeles by United Air Lines, accompanied by her chaperone and members of the Cotillion League; an evening gown from Carmel Bridal Shop; an outfit from Howards and The Fashion in Del Monte Center; a gift certificate from Terrace Fashions; a trip to Disneyland from Butts Pontiac and Cadillac and a trophy from Loren Smith, Fourth District Supervisor. Cheryl DeBerry, first runnerup, was presented with a two foot trophy, identical to that of the winner; a bouquet of Red Roses; a round trip to Los Angeles by United Airlines and a trip to Disneyland. The three other runnerups were presented with roses and gold plaques. The winner and the first runnerup will depart for Los Angeles on June 9 accompanied by Luthie Watts, Betty Sapp, Dee Dee Smith, Nellie Lewis (the winners chaperone) and myself. We will spend three days in Los Angeles where the winner will compete in the state finals on June 11. Any person interested in going along to cheer Miss Regina Battle on in the Miss Black Teenage California title, please contact any member of the league for reservations.

Other past events around town of interest were: Mrs. Jerome Anderson hosted a surprise birthday party for her mother, Mrs. Nettie McKinney. Over 100 guests attended this affair which was abounding with buffet tables of all sorts of delicious foods. Many persons from Mrs. McKinney's church (Victory Temple) were present to help her celebrate her 65th birthday.

Future happenings to be sure and attend are: Hayes E.M.D. Church will host their first annual dinner party, on May 27, 7:30 p.m., at the Monterey Holiday Inn. The dinner will benefit the Hayes Chapel Educational Fund, which recognizes and focuses on Blacks in the professional and business world who have progressed and have helped to improve the image and importance in helping other Blacks as well as others in the American society. Assemblyman, Willie Brown, will be the honored speaker at next Saturday's affair. Tickets are \$10 and may be purchased from any Hayes Chapel Church member. For further information call Mr. Sam Brown 394-1591 or Mr. Charles Williams at 394-0544.

83,000 new households here will need electricity this year - and the new power facilities to provide it.

The birth rate has been dropping and fewer people are moving to California, but nevertheless growing population is a fact of life. We must provide power facilities to serve these families' homes and jobs, plus the new stores, street lights and other public facilities they require.

If our construction program is slowed down unduly or stopped, the growing demand for electricity would exceed supply, and brownouts

or blackouts would be inevitable.

Some individuals and groups are trying to slow down or stop construction

of electric plants and transmission lines. However, we must continue building. And nowadays it takes about 10 years to acquire a suitable site, obtain regulatory approvals, construct and get a new power plant "on the line."

Qualified, competent and responsible public agencies assure that

in building new facilities we serve the best public interests, including environmental and ecological considerations.

**To keep your electricity on tomorrow,
we must build today. PG and E**

VOTE ☒ LOREN E. SMITH
JUNE 6, 1972

COMMITTEE TO RE-ELECT LOREN E. SMITH
BISHOP S. RUDOLPH MARTIN
R. L. "DICK" SEARLE

**Would you vote to
Stop all Truck and Freight
Train Transportation
in California?**

You certainly wouldn't if you happen to be one of the 1,000,000 Californians who work directly in the transportation industry! You'd lose your job within a few days after election.

And if you think about it for a minute or two, you realize that no matter what you do for a living, you'd be in serious trouble.

Businesses of all kinds would no longer be able to market their products.

Farm crops would rot in the fields and on the trees.

Unemployment would reach staggering proportions.

You wouldn't be able to provide yourself and your family with the basic necessities of life!

Nobody in his right mind would vote "yes" on such a stupid, vicious proposal. Yet that's what you're being asked to do when you go to the polls on June 6 to vote on Proposition No. 9 - the Pollution Initiative.

Down in the fine print, Proposition No. 9 contains an innocent-sounding provision limiting the content of sulfur in diesel fuel sold for use in internal combustion engines in California to .035 per cent.

The limit now in effect is .5 per cent - 14 times as much!

The very small amount of diesel fuel now available that would meet this ridiculous requirement is insufficient even to fill the needs of public transit buses, which run on the lowest sulfur content diesel now in production.

If Proposition No. 9 should pass, the next day the great majority of trucks and diesel-powered freight locomotives would have to stop running - because there would be no "legal" fuel available to operate them!

It would take an undetermined period of time - two years? - six years? - nobody knows for sure, before refineries could be adapted at enormous expense to produce diesel fuel in the quantity needed to meet our transportation needs.

Knowing the facts, nobody in his right mind would vote for Proposition No. 9.

LOSING YOUR JOB WON'T SOLVE POLLUTION!

And voting for Proposition No. 9 won't solve pollution. The Technical Advisory Committee of the Air Resources Board of California reports that even if the sulfur content of diesel fuel required by Proposition No. 9 could be achieved, it would reduce sulfur-dioxide emissions in Los Angeles County by only three-tenths of one percent! What a price you're being asked to pay to accomplish virtually nothing!

Vote NO on Proposition No. 9

Chamber of Commerce Progress Report

By Verlaine Crawford
Manager

Now's the time for interested businessmen to reserve space on the new Seaside map to be published soon. Advertisements will border the map of Seaside and lines will be drawn from the ad to the location of the business on the map. On the reverse side will be a map of the entire Peninsula, with Seaside highlighted in blue.

This new map will be distributed to all advertisers and to people requesting maps from around the country. Also, it will be placed in the packet that both the Army and Navy send out to people who will be located in this area. Contact Miss Crawford at the Chamber to reserve space for your ad.

June will mark the beginning of many new activities at the Chamber. On Tuesday, June 6, at 11 a.m., the Chamber will show a slide presentation on Seaside at the Navy Postgraduate School. This presentation has been the project of the Chamber and two students from the school, Cmdr. Nichols and Cmdr. Wilkins, under the guidance of Professor Bogis. Long hours and a great deal of effort have gone into this excellent briefing. All interested individuals are welcome to view the presentation and join us for a no-host lunch at the Navy School. Please call the Chamber for reservations for June 6 at 11 a.m.

Everyone loves a wine-tasting party! That's why the Chamber is inviting members and non-members, citizens and non-citizens, to join us at the Rol-Seal Corporation on June 7 from 5:30 to 7:30 p.m. for a wine-tasting party. The theme of the party is naturally "Seaside Means Business" and we will have displays of local businessmen, as well as music and presentations to local service clubs. If you plan to attend, please notify the Chamber, so we will be prepared with ample wine.

The later part of June, we will begin earnest preparations for the 4th of July Parade, which will be held on July 2 this year. The Chamber is sponsoring a Pancake Breakfast the morning of the parade. Any additional help is welcome. Perhaps, some of the businesses would like to put floats in the parade this year. We hear that MBS Furniture and McDonald's will be represented with floats.

The Chamber recently received a good supply of pamphlets and brochures published by the Small Business Administration. Anyone interested may come in and browse through them. Additional copies can be ordered free of charge.

One of the publications lists six methods for Success in a Small Store. These methods are:

* CATER TO CUSTOMERS -- your number one job should be to please customers. Roll out the red carpet for them. They keep you in business. Learn their likes and make them feel you are interested. Give an extra bit of service.

vice. Be an expert on products, and tell the truth about them. Build on existing customers. It's easier to increase their purchases than to draw in new people.

* BUILD AN IMAGE -- A small retail or service firm needs steady and solid promotion. Part of building an image is using ads, handbills, radio or TV spots. They set the state.

* ENCOURAGE TEAMWORK -- Don't keep secrets from your staff. Give them facts about merchandise. Let them help decide what to put on sale and how to display it.

In teamwork, employees do their jobs without prompting. Teach them to know: what to do, how to do it and when to do it. Praise employees in public. Correct them in private.

* PLAN AHEAD -- Teamwork makes it easy to plan ahead. Employees who can do a variety of jobs save your time for management work. Watch the calendar for special events which need advance preparation. Use the 5-day weather forecast as a clue for planning special sales. Train an assistant. Put him in charge and take a day off. This will help him learn. Look ahead. Estimate your sales and cash flow for the next 5 years.

* LOOK FOR PROFIT VOLUME -- The name of the game in a store is profit. Keep expenses in line. Make a list of them -- both fixed and variable. Determine your break-even point and use it as a control tool.

* PAY YOUR CIVIC RENT -- A store's opportunities for expansion are tied up with the growth of the community in which it is located. When a city has a reputation for "being a good place to live," it is more apt to hold residents and shoppers and attract new ones. You "pay your civic rent" when you take part in local clubs and other organizations that work to build the community.

I didn't write this last paragraph. It came straight from the book on how to be a success in a business. So, if you're not a member of the Chamber now, this is the time to join. We can work to build your success through a strong membership in the Chamber. The Seaside Chamber of Commerce telephone number is 394-6501.

Oliver Nelson Appearance

Oliver Nelson, well-known jazz arranger, conductor and composer, will lead his Blues and Abstract Truth Jazz Band in concert Saturday evening June 3 as part of the day-long Second Annual California High School Jazz Band Competition. The concert will be held in Monterey Peninsula College Gymnasium at 8:15 p.m. Prices are \$3 for adults and \$1.50 for students.

A's Return To Oakland

The A's departed Monday on an abbreviated road trip to Anaheim and Kansas City after completing a streaky nine game homestand against Eastern Division competition during which they won their first five games, dropped the next three, then won the finale. The 6-3 homestand gave the A's a sparkling 10-4 season record in the Coliseum and a 13-7 overall mark, leaving second place Oakland 1 1/2 games behind the Western Division leading Minnesota Twins.

Following the four games in Anaheim and three in Kansas City, the A's return to the Coliseum to play the Angels three weeknight games May 22-24 and the Chicago White Sox on the weekend of May 26-28.

Five of the six games will be special days, beginning with the first of eight A's Family Nights on the lead-off game of the homestand on Monday, May 22. All tickets for the 8 p.m. game against the Angels will sell for half price in any seating area, with mezzanine seats selling for \$2.50, first deck seats for \$2.00, second deck for \$1.50, third deck for \$1.25 and bleacher seats for \$.75. Half price tickets for all eight Family Night games are available in advance at all United California Banks in Northern California, Smith's Clothiers and the A's ticket window at the Coliseum. Making their first 1972 appearance at the Coliseum with the Angels will be two of the top five hitters in the American League, outfielders Ken Berry and Vada Pinson.

The A's Community Night Program will include four dates on this homestand. The game of June 23 will be Merced Night; June 24, Seaside POST Night; June 26, Davis Night; and June 27, Contra Costa Times Day.

Care Needed Carrying Bicycles

Laws relating to mounting motorcycles and bicycles on automobiles and campers are designed to prevent traffic accidents and motorists who create hazardous conditions by violating the legal requirements should expect to be cited by the California Highway Patrol.

"Cycling in all its forms has become increasingly popular, but it has also introduced some new problems for enforcement people," Capt. J.R. Jones, commander of the CHP's Monterey Area, said recently. "One of these is transporting motorcycles and bicycles on other vehicles, something that is done illegally more often than not."

Hazardous, as well as illegal, conditions are created when cycles are loaded so they obscure a driver's vision to the front, or so as to actually cover one or both of the brake and turn-signal lights at the rear of the vehicle.

Cycles that protrude past the fender line on the left side or more than six inches past the right fender line on housecars and other passenger vehicles are also in violation of the vehicle code. Finally, any load that deflects or obscures any of the lighting equipment of the transporting vehicle at night is subject to enforcement action.

WILL BE DEVELOPED

University of Wisconsin says two-thirds of the food products Americans will be eating in 1984 have not yet been developed.

QUEEN AND HER COURT - Mrs. Verna Sloan (fourth from left) was crowned Mrs. NAACP of 1972 at recent NAACP Coronation Ball held at Mark Thomas Hyatt House. Runners-up included (from left) Rose McKnight, 2nd; Cleady Phillips, 1st; Clydia Carter, 3rd. Also on hand were Nellie Lewis, 1971 winner and Velma Augustine, 1970 winner. Affair was to raise funds for National Organization Freedom Fund and was under direction of Mrs. Elizabeth Smith. PHOTO BY JOHN PERKINS

ROGER POYNER BELIEVES

* MONTEREY COUNTY cannot ignore the current 10% unemployment rate and underemployment problems.

Good jobs with training for those jobs must be made available to our citizens. County Government should encourage economic activity and development that is compatible with our environment and community, and will generate new jobs for local residents.

* ADEQUATE HEALTH SERVICES must be provided to all the residents of the fourth district. A centrally located medical clinic is sorely needed in Seaside. The county must encourage and support such services NOW!

POLITICAL ADVERTISEMENT

ELECT H.H. HUMPHREY

No other candidate for President can bring to the electorate such a qualified, unequal record of dedicated public service of doing things for people. . . . Mayor of Minneapolis 1945-48; United States Senator 1948-64; Senate Majority Whip 1961-64; Vice President United States 1964-69; Democratic Nominee for President 1968 and United States Senator 1970. Present. . . . "Hubert Horatio Humphrey . . . in his later years in the Senate was, without much doubt, the most effectively imaginative legislator on the hill. It is the name HUMPHREY that is signed, Hancock size, across Medicare, the Peace Corps, the Atomic Test Ban Treaty. . . ."

HUMPHREY THE PEOPLE'S DEMOCRAT FOR PRESIDENT

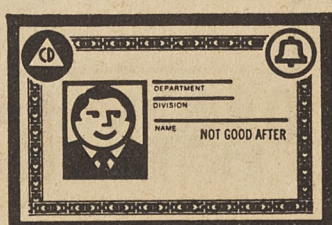

When you spend an evening out, the last thing you want to do is worry about your youngsters at home. Here are a few suggestions that may help both you and the babysitter relax.

Write down the names of the places you're going, the phone numbers and the approximate time you'll be at each place. Have emergency numbers, including the family doctor's written down, too. There are special blanks for emergency numbers on the inside cover of your Monterey phone book.

Taking these simple precautions before you leave home will make your night out more enjoyable.

Here's something we want you to know. Everyone from Pacific Telephone who visits your home or business carries an official identification card. These ID cards show each employee's name, photograph and signature. If you ever have the slightest doubt about anyone who says, "I'm from the telephone company," just ask to see proof. Our people will be glad to show you their identification.

Top Ordators Are Named

At a recent meeting of the Ordators Toastmasters Club, Lonnie Ayers won the best speaker award. His topic was "Protect your Valuables." The best table topics award went to William Gerber for his impromptu talk on the presidential election.

Charles Burke earned the best evaluator award. Toastmaster for the meeting was Tony Azzello who was assisted by Rus Bucholz as general evaluator.

The group elected new officers for the six-month term beginning July 1. Officers-elect are Lonnie Ayers, president; Rus Bucholz, educational VP; Charles Burke, administrative VP; Clifford Bailey, secretary; Samuel Gales, treasurer; Koyo Okada, sergeant-at-arms.

JANE VAN HOOK

FOR JUDGE, MONTEREY COUNTY SUPERIOR COURT #1

• VERY ACTIVE ATTORNEY Monterey County since 1967 giving legal assistance to thousands of Monterey County residents.

• ADDITIONAL LEGAL EXPERIENCE as criminal trial lawyer, defending hundreds of persons in court and jury trials in Alameda County, 1957-1967.

• JURIS DOCTOR DEGREE from University California Hastings College of Law 1956.

• BACHELOR OF SCIENCE DEGREE Huston Tillotson College.

• PROFESSIONAL AFFILIATIONS: California Bar Association, Monterey County Bar Association, National Legal Aid and Public Defense Association, California Trial Lawyers Association, elected 1963-68 fellow to International Academy of Law and Science.

• COMMUNITY SERVICE: Chairman Monterey County Affirmative Action Committee, League of Women Voters, National Council of Negro Women, Past Board Member Family Service, Coalition League, Altruus.

JANE VAN HOOK's work has brought her in close contact with all classes of people. She is concerned about the number of persons who return regularly to our courts as repeat offenders. She feels that this number would be greatly reduced if probationers were placed on a Court Reviewed Program designed to bring about rehabilitation and reformation.

As a Superior Court Judge JANE VAN HOOK would take a more active role in reducing the number of crimes committed by repeat offenders. She would review regularly, with probation officers, the conduct and activities of persons on probation and create an effective program designed toward rehabilitating probationers.

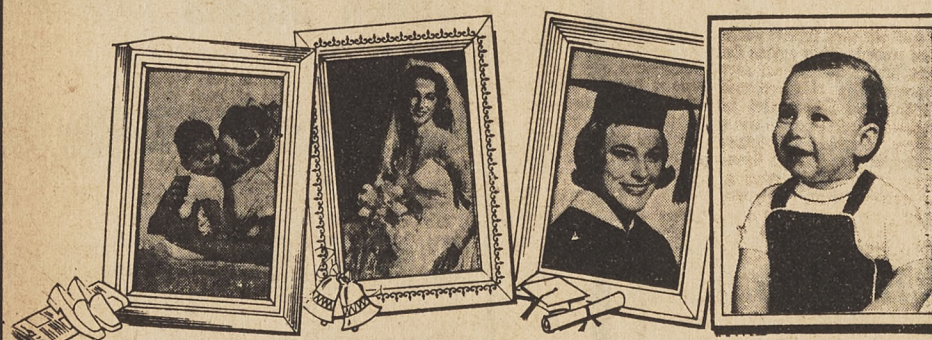

JANE VAN HOOK knows about the need for Juvenile Justice, she has the courage to administer justice fairly without fear or favoritism. She will bring new insight and direction to Monterey County Superior Court #1.

NOTICE OF TRUSTEE'S SALE OF
REAL PROPERTY
E/C 4709
Loan No. 101-24607-3

NOTICE IS HEREBY GIVEN: That
on Thursday, June 1, 1972 at the hour
of 11:00 a.m. on the steps of the East
entrance to the County Courthouse on
Church Street in the City of Salinas,
County of Monterey, State of California,
CORPORATE AGENCY, a corporation,
as trustee under deed of Trust executed
by JAMES D. JONES, SR. and
CORINE JONES, his wife and recorded
June 17, 1968 in RS-410, BK 1974 of
Official Records of Monterey County,
State of California, under which Deed
of Trust SECURITY SAVINGS AND
LOAN ASSOCIATION, a corporation,
is the beneficiary, by reason of default
in the payment or performance of the
obligations secured thereby, and notice
of default and beneficiary's election to
cause to be sold the property herein-
below described having been recorded
as provided for by law, and more than
three months have elapsed since said
recording, will sell at public auction to
the highest bidder for cash, payable in
lawful money of the United States of
America, at the time of sale, with
warranty, express or implied, as to
title, possession or encumbrance, the
interest conveyed to and now held by it
as such trustee in and to the following
described property in the City of Sea-
side, County of Monterey, State of
California, described as:

Lots numbered 34 and 36 in Block
Numbered 1, as said Lots and Block
are shown on that certain map en-
titled, "Map No. 3 of Del Monte
Heights, being a subdivision of
Blocks 1-10-11-12-13 and Reserva-
tion, Villa Subdivision of Lots 2 and
3 of the Neche Buena Ranch, Mon-
terey County, California", filed for

In re the marriage of

Petitioner: JOHNNY F. ROBERTSON
Respondent: MARLYN A. ROBERTSON

CASE NUMBER DR 3228
SIMONS (MARITAL)

To the Respondent:

The petitioner has filed a petition
concerning your marriage. You may
file a written response within thirty
days of the date that this summons is
served on you. If you fail to file a writ-
ten response within such time, your
default may be entered and the court
may enter a judgment containing in-
junctive or other orders concerning di-
vision of property, spousal support,
child custody, child support, attorneys' fees,
costs, and such other relief as may
be granted by the court.

If you wish to seek the advice of an
attorney in this matter, you should do
so promptly so that your written re-

NOTICE OF TRUSTEE'S SALE
Loan #5486

NOTICE IS HEREBY GIVEN that on
June 8, 1972, at the hour of 11:00 at the
Front entrance of Western Title Guar-
anty Company, 446 Tyler St., Mon-
terey, California, SECURED PROPRIET-
IES, INC., a corp., as present Trustee
will sell at public auction to the highest
bidder for cash in lawful money of the
United States, the following described
real property situated in the City of
Seaside, County of Monterey, State of
California, and described as follows:

Lot 12, Block 1, of Tract No. 424,
Meadow Glen No. 3, filed February
5, 1963 in Volume 7 of Maps, "Cities
and Towns", at page 89, Monterey
County Records.

SAID PROPERTY is commonly known
and described as: 1234 Rousch Avenue,
Seaside, California.

SAID SALE will be made to satisfy
the obligations secured by and pursuant
to the power of sale conferred in a cer-
tain Deed of Trust executed by Anna
T. Royce, as her sole and separate
property to Secured Properties, Inc.,
being the present Trustee, all for the
benefit and security of Eva Bordessa, a
widow as to an undivided 3/5 interest
and Elmer H. Cohn, a widow, as to an
undivided 2/5 interest as beneficiary
(see said Deed of Trust, being dated
February 9, 1971 and Recorded Febru-
ary 16, 1971 in Book 897 at Page 251 of
the Recorder of Monterey County,
being document No. 90000, therein).

NOTICE OF BREACH OF SAID
OBLIGATION and election to sell real
property was recorded in the office of
the County Recorder of said county on
January 17, 1972 in Book 747 at Page
96, being document # G01456 therein.
SAID SALE is made without
coverage or warranty regarding title,
possession, or encumbrance, or as to
insurability of title. The beneficiary
(ies) or any other person or persons
may purchase at said sale.

Dated: May 8, 1972.

Black-Owned Bank Gets Share Of McGovern Funds

The California
Committee to Elect
Senator George Mc-
Govern has made an
initial deposit of cam-
paign dollars in the
Black-owned and
operated Bank of Fi-
nance of Los Angeles.

This marks the first
of a series of McGov-
ern campaign deposits
that will be made at
the minority bank
throughout the Calif-
ornia campaign.
Senator McGovern has
continuously em-
phasized before and
during his presidential
campaign that Blacks
must be a part of the
economic development
of their community. He

Special Services

Alterations done at my home.
Also expert on wedding gowns.
12 years' experience. CALL
ANYTIME: 394-1862

said, "I am a firm be-
liever that when it
comes to equal op-
portunity the first op-
portunity must be for
equal political power.
Blacks and other mi-
norities cannot have
political power unless
they have economic in-
dependence."

It is for this reason
that the Senator insists
that a proportionate
amount of campaign
dollars be channeled
through the Black
community. The re-
cent bank deposit is
one of many Black en-
terprise services that
characterize the Mc-
Govern campaign.

Throughout the Mc-
Govern campaign,
there has been a sig-
nificant flow of dol-
lars in the Black com-
munity.

Recently Senator
McGovern said,
"Blacks have recog-
nized that over the
years they've been de-
nied access to credit
and business opportu-
nity and they want
some special consid-
eration to get off the
ground." He continued,
"If I were President,
I'd try to help them do
just that."

BAKED PORK CHOPS

PORK CHOPS can be baked in almost any
kind of canned soup with great improvement
in the flavor. Try mushroom or vegetable some-
time if this proves a family favorite.

4 Pork Chops;
1 can Condensed tomato soup;
1 Soup can water;
1/2 cup chopped celery;
1 chopped green pepper;
3/4 cup chopped onions;
3/4 teaspoon salt;
1/4 teaspoon paprika;
1 cup crushed cornflakes;

Dredge the pork chops in flour and brown in
hot fat. Place in a baking dish. Combine soup,
water, celery, green pepper, onion and sea-
sonings in saucepan and heat. Pour over pork
chop and abke in a moderate oven (350 degrees)
for one hour in a covered dish. Remove the
cover for the last 15 minutes. Just before
serving, add crushed cornflakes to top. Serves
four.
